

# J. ALBERTO AZEVEDO IBÁÑEZ

- At the beginning of 2022, I decided to redirect my professional career and started a private training in **Web Application Development** taught by a Product Engineer.
- My passion for **continuous learning** and **personal improvement** makes me willing to acquire the necessary skills/technologies.
- I personally understand the **importance of teamwork**. An efficient and coordinated team will see pressure points as opportunities for improvement. If the team grows, everyone grows with it.
- I am **currently** undergoing a **software developer internship** at **Abastores**, a **startup integrated within Lanzadera** (the business accelerator created by Juan Roig, president of Mercadona).
